JOIN THE Summertime Surge...

I'm facilitating an exciting training program in the office called the Summertime Surge and I really think you'll benefit by participating.

The Summertime Surge is all about **creating results for your business and out-performing your competition**. It's an 8-week lead-generation program put on by Buffini & Company. Participants in the first 60-day Summertime Surge **earned \$26,971** gross commission on average – and you can too!

During the Summertime Surge, you will:

- Focus on your lead-generation activities
- Create a surge in production
- Be exposed to the systems Brian Buffini & Joe Niego found success with in their businesses
- Break out of your everyday routine and generate more business

Plus, you have the opportunity to **earn an extra 5 commission checks** in only 8 weeks.

The Summertime Surge starts June 14th.
